

Product datasheet

LED Emergency Light

NS-SEL7W-C0202

Features

- ⊙ Use high brightness high CRI SMD 5630 chip.
- ⊙ Large capacity lithium battery emergency drive, emergency time more than 5 hours.
- ⊙ Built-in Lithium batteries 18500.
- ⊙ The size is suitable. Portable hook is easy to carry.
- ⊙ The lithium battery enters the protection mode after it is full of electricity, automatically cuts off and does not charge.
- ⊙ Press the switch can start lighting, the switch has five gears dimming (strong, normal, weak, sos, slow flash).
- ⊙ Charging with USB interface, Computer, Phone head, Power bank, Solar energy can charge at any time.
- ⊙ Widely used in night market stalls, emergency lighting, outdoor activities and so on.

Intelligent electric indicator lamp

- 1, When electricity less than 10%, the red light will flashing, it need to charge.
- 2, when charging, the red light also flashing, the red light is always bright after electricity is full.

Applications

LED emergency light

Camping choice
